

## Latest Policy amendments following a Policy discussion with LCC (October 2016).

---

A1 - To ensure that historic approach views (as detailed on the attached Map) of the village and church are protected.

A2 - To designate the following areas (as detailed on the attached Map) within the neighbourhood as Green Spaces:

Cricket Pitch

Field between Cricket Pitch & Church

Village Hall grounds

Proposed playground next to village hall

A3 - Further development should seek to enhance the provision of additional green spaces, such as a village green, and provide further connecting footpaths for the benefit of the community. (as detailed on the attached map)

B1 - removed and relegated to a project on 'registering the assets'

B2 – To seek opportunities to provide and improve community and recreational facilities including a children's play area, public footpaths, a cycle track and other provision which enhances the health, lifestyle and spirit of community within the village.

C1 – removed? or To seek commitments that new housing developments will have suitable off street parking in the interest of safer traffic through the village.

C2 – To mitigate immediate risk and harm to the community through pressing for improved traffic control arrangements both through and around the village, including support to off road options.

C3 – To work with immediate neighbouring communities and other organisations in seeking improved public transport arrangements for the health and wellbeing of the village population.

D1 and D2 – in abeyance, pending further housing work

.E1 and E2 – in abeyance pending options from Abbie
